

During any full calendar month you are in the medical care facility, you cannot receive more than the Federal benefit rate described in § 416.414(b)(1). We do not consider food or shelter provided during a medical confinement to be income.

(ii) If you enter a medical care facility and you are eligible for either benefit payable under § 416.212, we also consider this a temporary absence from your permanent living arrangement. We use the rules that apply to your permanent living arrangement to value any food, clothing, or shelter you receive during the month you enter the facility and throughout the period you are eligible for these benefits. We consider your absence to be temporary through the last month benefits under § 416.212 are paid unless you are discharged from the facility in the following month. In that case, we consider your absence to be temporary through the date of discharge.
